Chicken Meatball Production Line

隆豫机器人（浙江）有限公司

Production Line Introduction

Chicken meatballs are popular protein products available in various formulations and applications. Consistent weight, shape, and texture are critical for industrial production. LONGYU provides flexible production solutions that help manufacturers ensure reliable quality and efficient output.

Product Parameters

Product Images	Product Name	Model No.	Technical Specifications	Features
	First-generation multi-function dough-filling machine	SV208	Machine dimensions: 168 × 68 × 130 cm Production speed: 0–80 pieces per minute Power: 1.35 kW Voltage: 220 V Product weight: 10–250 g Machine weight: 280 kg	Ideal for coconut balls, Shaolin pastries and other products requiring precise rounding.
	All-in-one rounding and tray-loading machine	SV310	Machine dimensions: 187 × 110 × 102 cm Production speed: Depends on the upstream equipment Voltage: 220 V Power: 1.2 kW Machine weight: 180 kg
